## Notice to Consider Adoption of the Proposed *Guidelines* for the California Clean Energy Jobs Act (Proposition 39)

The California Energy Commission will hold a Business Meeting on:

**December 19, 2013**  
Beginning at 10:00 a.m.  
CALIFORNIA ENERGY COMMISSION  
1516 Ninth Street  
First Floor, Hearing Room A  
Sacramento, California  
(Wheelchair Accessible)

Note: Audio from this meeting will be broadcast over the Internet with Remote Access  
available by Computer or Phone via WebEx™  
(Instructions below)

At the Business Meeting to the Commission will consider adoption of the proposed *Guidelines* for the California Clean Energy Jobs Act (Proposition 39). The proposed *Guidelines* will be posted on the Energy Commission website at:

[www.energy.ca.gov/efficiency/proposition39/index.html](http://www.energy.ca.gov/efficiency/proposition39/index.html)

The Energy Commission conducted five public meetings and three webinars across the state, at which the public was invited to participate and provide input for the *Draft Guidelines*. Staff explained the *Draft Guidelines* and funding allocations for eligible educational organizations. In addition, the Energy Commission accepted written public

comments on the *Draft Guidelines* from September 27, 2013 through October 25, 2013. The proposed *Guidelines* reflect the comments provided by the public and other stakeholders.

At the December 19, 2013 Business Meeting, Energy Commission staff will present an overview of the content of the proposed *Guidelines*.

**Members of the public and stakeholders in the Proposition 39 process should be aware that the proposed *Guidelines* could be substantively changed as a result of public comment, staff recommendations, or policy changes. Moreover, changes to the proposed *Guidelines* could be considered if they improve the clarity or effectiveness of the *Guidelines*. At the December 19, 2013 Business Meeting, the Commission will identify all proposed changes and provide an opportunity for public comment on the *Guidelines*, including changes, prior to adoption.**

## **Background**

Passed by voters in November 2012, Proposition 39 makes changes to corporate income taxes and provides up to \$550 million to improve the energy efficiency of California's aging schools and grow the state's significant clean energy economy. California public schools (K-12), county offices of education, community college districts, charter schools, and state special schools may receive funding for fiscal years starting with the 2013-14 fiscal year.

Under Senate Bill 73 (Committee on Budget and Fiscal Review, Stats. 2013, ch.29.), the Legislature directed the Energy Commission to adopt the *Guidelines* at a publicly noticed meeting and to provide an opportunity for public comment. The adoption of the *Guidelines* is exempt from the administrative rulemaking process found in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.
